Forces in Batavia Are Under Curfew, Carry Arms All Times

Batavia, Nov. 3 (AP)—A second division of British troops—the Fifth Indian—has landed in Java, it was learned today. In the midst of a tense political situation aggravated by an impending breakdown of nationalist negotiations with the Dutch.

The British forces in Batavia were under a curfew and were ordered to carry their arms at all times and not to venture out unescorted. It was explained officially that it was simply a tightening of precautions and that the situation in Java was under control.

The "delegates machinery" aimed at bringing the disputants in the Indonesian conflict to the conference table was jarred with the announcement of the Netherlands government's statement that it had broken off negotiations between President Soekarno of the "Indonesian Republic" and acting Governor General Hubertus J. Van Mook. The Netherlands government, however, did not rule out negotiations with other nationalist leaders.

The Indonesians in central Java are known to be in possession of at least 62 Japanese planes. The Dutch, stretched thinly, are meeting small-scale organized attacks, but they fear this area alone a potential force of 30,000 nationalists armed with rifles, pistols and light machine guns. Dutch commanders say, however, that the Indonesians are poor, unreliable fighters.

Van Eiten Omitted From Service List

Fire Chief Joseph L. Murphy said today that in listing the names of the members of the Kingston Paid Fire Department with the armed forces he inadvertently omitted the name of Fireman Edward Van Eiten.

Still in the service are James J. Bennett, David Levy, Philip Maines, Alexander Maines and Philip McGowan.

The fire department furnished the names of the armed forces in a list of 13, the first announced. Eleven of the 14 men have received their honorable discharges. Four then have resumed their duties with the department and the other three return to duty on November 16.

Child Is Sought

Danville, Calif., Nov. 3 (AP)—A boy of kidnapping, voiced by a mother, spurred the search today for blonde, blue-eyed, three-year-old Dickie Ann Siden. Siden since Thursday morning has been reported missing from the home of his parents in the rugged Sierra Nevada mother lodge.

His mother, A. L. Merrill, Sr., Berkeley, Calif., said last night, "I am afraid of kidnapping—some of them, maybe, I also fear that he was kidnapped harm may be done to him."

To Observe Nov. 12

Following is the President's annual order Armistice Day, to be observed on Sunday, November 12, as a holiday. In line with the order the officers of the Kingston War Plans Corporation, 200 State Street, Albany, will be observed.

Bitten by Dog

Derby, N.Y., 2 of 118 Hooker Street, was bitten on the right leg by a police dog owned by Edward Thompson of 118 Hooker Street, on Friday afternoon. The dog was reported to the police on a report filed with the Police Department. The wound was treated at the Kingston Hospital.

Congress Is Faced With Seven Jobs

Handling of Atomic Energy, Events in Pearl Harbor Attack Are Among Them

Training Is Listed

Military Training Also Is One of Principal Items

Washington, Nov. 3 (AP)—The postwar Congress, after two months of wrangling, balking, and inquiring hesitantly into the strange problems of a new era, finds itself in this position today.

It is face to face with empty pages in the history books of the future.

It must fill those pages. Few American Congresses have ever had so much work that would influence the writing of history.

This 79th Congress, which runs until the end of next year, must: Make fateful decisions on the development, control, and international handling of atomic energy.

Try to piece together a true, clear story of the events leading up to the Pearl Harbor attack, and in that connection, a fierce fight within the Pearl Harbor Investigating Committee has just exploded into the open.

Decide the role of the federal government in creating jobs and fighting business depressions.

Decide questions regarding the use of American troops by the world security council—and perhaps in 1946 decide even more important questions on changing or strengthening the United Nations organization, for the atomic era.

Decide whether to accept President Truman's recommendation that every American youth undergo a year's training for war.

Decide whether to override Navy protests and establish a single department of national defense.

Decide the part the federal government shall play in the nation's scientific research.

Many other important matters must be handled by the 79th Congress but those listed are among the tasks that may affect not only the present generation but the next generation as well.

In the Pearl Harbor squabble, a Republican member of the 10-man Senate House committee, Senator Owen Brewster of Maine, charged today that an attempt has been made to "cover up" some information on the Pearl Harbor disaster.

He said changes in the testimony of several Army officers over a period of years led him to believe this.

Brewster and Senator Homer Ferguson of Michigan have bitter grievances against the Democrats on the investigating committee, and they took these grievances before the Senate today.

Senator Brewster said that the committee, acting on its own initiative, should be entitled to look into the records of government departments.

Senator Alben Barkley, Kentucky Democrat who is chairman of the committee, replied that the investigation would never get started if every member set himself up as a "private detective" boring around in the government.

Incidentally the public hearings will start November 15.

The Senate continued debating the government reorganization bill yesterday, but didn't get very far. For one thing, it got off on discussions of Pearl Harbor and the atomic bomb.

For another thing, there are so many suggested amendments to the reorganization bill that it's doubtful whether they can all be debated and voted on by the end of next week.

This bill would give President

Dewey Gives Support To Jonah Goldstein

New York, Nov. 3 (AP)—The election of Mayorally Candidate Judge Jonah J. Goldstein and the entire Republican-Liberal-Fusion slate is the only "alternative to the black forces of reaction and underworld control" of New York city, says Gov. Thomas E. Dewey.

Dewey, entering the winning New York city campaign, declared in a radio address (WOR) last night, that Goldstein was "free and unbossed," adding the G.O.P.-Liberal-Fusion ticket "was the only one with a chance to save the city of New York—it should be and can be elected."

Sino Communist Charges Publicized Of U. S. Meddling

New China Daily News Takes Issue With Wedemeyer; May Get Battles

By SPENCER MOOSA

Chungking, Nov. 3 (AP)—Communist charges that the United States is meddling "in the guise of a policeman" in China's internal affairs were publicized amidst reports today of the first large scale fighting between Chinese and Reds and central government troops.

Meanwhile, K. C. Wu, minister of information today reported the central government has made four concrete proposals to the Communists designed to immediately halt hostilities in North China.

Reply on the proposals, which were not disclosed, is being awaited from the Yenan Communist headquarters, he said.

In printing the charges, the Communist New China Daily News took issue with Lt. Gen. Albert Wedemeyer, commanding American forces in China. General Wedemeyer said recently the mission of his troops in assisting the central government to take over from the Japanese does not constitute direct action against the Reds.

The newspaper mentioned the possibility of U. S. forces becoming involved in armed conflict if they remain.

Yenan and Chungking Communist sources made the unsubstantiated charge that American reconnaissance preceded the capture by government troops of a Communist-occupied town within 10 miles of Peiping.

The same sources, in reporting China's Red Army was in action against the Reds along the rail line between Tientsin and Peking, said these were government soldiers both trained and equipped by the United States while in North China.

Growing Battles Reported

Growing battles for railroads leading toward North China and Manchuria were reported even as the government pressed the unfinished job of disarming thousands of Japanese after eight years of war.

Some 200,000 Japanese combat troops still retained arms in the northern provinces of Hopei and Shantung. The schedule calls for their complete disarmament by December 31.

The Communists estimated 800,000 government troops are massed for an offensive against the Reds, with Communist groups in western Honan and eastern Hopei provinces already surrounded. The Reds said the government is striking powerfully to gain all of the north-south railroad between Hankow and Peiping.

In Peiping, the government commander-in-chief for North China, Gen. Hu Ying-Chin, made it clear his forces intend to open all communication lines. The Communists previously spurned government requests to withdraw from railroads in return for sanction to hold certain areas.

More than 200 miles northwest of Peiping a government garrison at Kweiwei was in danger of losing that Suiyuan provincial capital in Inner Mongolia to besieging Reds, the attackers, estimated as high as 120,000 men, were moving on the city from two sides.

Red forces also were reported attacking Taitung in Shansi province to the southwest of Kweiwei.

Another 100,000 Communists at Kalgan, in Chahar province, were under orders of their leaders to hold at all costs that ancient Great Wall point of entry and exit between inner Mongolia and North China.

Rain that started falling in the city on Friday afternoon continued during the night and during the morning hours of today, while the official city thermometer at the city hall was registering a temperature of 51 degrees. Temperatures in the city Friday morning from a low of 43 degrees to the morning to a high of 58 degrees during the afternoon.

Edelmuth Loses Possible Vote Bait on Law No. 3: Law Would Pass Over Veto

City Employees Union Canvasses All Aldermen, Both Parties, and Finds Democrats Solidly Against Mayor on \$240 Pay Boost

If Mayor Edelmuth fails to approve Local Law No. 3, recently passed by the Common Council to grant a \$240 yearly increase to city employees, the measure will pass anyway. If Mayor Edelmuth should sign the bill on the eve of election, its campaign potency for him will have been lost.

City Employees Union 316, American Federation of Labor, this week canvassed all city aldermen and all of them, Republicans and Democrats alike, have signified they will pass the measure, in the event Democratic Mayor Edelmuth continues his veto of labor legislation by turning down the measure.

A letter bearing the signature of C. LeRoy Brower, president of the union, was mailed recently to all city aldermen. Enclosed with the letter was a card for return mailing and a statement of the union's will to uphold the action of the Common Council regarding this measure in the event such action becomes necessary. It was stated that in case no reply was received it would be tabulated as a negative vote. All cards have been signed and returned.

Reuther to Ask Court Injunction

C.I.O. Leader Calls Key Omission Tragedy of Conference

Washington, Nov. 3 (AP)—With the long-awaited labor management peace conference only two days away one of the nation's top labor leaders heaped fresh coals on the wage-price fire today.

And a lesser-known leader, protesting that the independent unions are being ignored at the conference, threatened that the big labor chiefs who attend it Monday will have to walk through picket lines.

Walter P. Reuther, vice president of the C.I.O. Auto Workers who are seeking a 30 per cent wage increase, said this:

"It is a 'national tragedy' that the conference has omitted from its program the 'key question' of wages and prices.

He will ask for a court injunction to prevent O.P.A. from granting and 'unwarranted increases' in new car prices over 1942 levels. O.P.A. is expected to announce the new car prices within a few days. Reuther asserted at a news conference yesterday the auto industry was 'pressuring O.P.A.' to

Germans Held by French Are Declared Unfit for Work

Croydon, France, Nov. 3 (AP)—The first German prisoners of war returned to U. S. army control by the French have been classified as unfit to work by American medical authorities and from personal examination I can report that many of them look almost like corpses resurrected from the horror camps of their own fatherland.

The former German soldiers, who had been turned over to the French as laborers, are being taken back by the American army under a project authorized by the army code name "Operation Skinning." They were called back after International Red Cross

State Senator Answers Personal Attack by Edelmuth With Calm Dignity, Facts

Praises Program

Republican Issues Are Based on Possibility of Fulfillment

Eighth War Republicans last night heard Senator Arthur H. Wicks, Ulster County Republican leader, answer with dignity and irrefutable facts the personal attack made against him the night before by Mayor Edelmuth.

In his address Senator Wicks spoke of the mayor's efforts to belaud the ferry issue; he uncovered the subterfuge connected with laxity of the administration in assessing Telephone Company property; praised Molynieux housing program and gave the complete story of Alderman-at-large John Schwenk's splendid record as a reply to the unwarranted "obstructionist" attack made upon Schwenk by Edelmuth.

Senator Wicks spoke with confidence of the campaign for the election of Abram Molynieux, candidate for mayor; John Schwenk, candidate for re-election as alderman-at-large; Matthew Cahill, candidate for reelection as city judge, and all the other Republican candidates.

Truth About Ferry

In his opening remarks Senator Wicks told the truth about the Kingston-Rhinecliff ferry. "As you know," he said, "the ferry stopped running on December 17, 1942. Edelmuth was mayor at that time. In the Spring of 1943 the ferry company announced that it would no longer operate the ferry. This was a hard blow to Kingston."

Senator Wicks then summed up what the loss of the ferry service meant to Kingston: loss of access to the train service on the New York Central Railroad at Rhinecliff; business folk—wholesalers, retailers, cattle dealers and others—were forced to cross the bridge at Poughkeepsie and to travel north again in order to reach Rhinecliff. "In other words," the Senator said, "when gasoline and tires were scarce during the war, they had to travel about 35 miles to cross one mile. And, he added with emphasis, "they still have to."

The ferry lay idle at its dock during 1943 and finally was sold. "I waited," Senator Wicks continued, "for the present mayor to make some move during the years of 1943 and 1944 to resume service to Kingston. But the mayor never said anything or did anything about the ferry."

Wicks introduced own bill

"As you know, I live in Kingston and I have a business in Kingston. I am, and always have been, interested in the welfare and progress of Kingston. So, when, for two years, the mayor failed to act, I decided that if he would not act, I would. In 1945 I introduced the ferry bill in the Senate. This bill authorized and directed the State Bridge Authority to install and operate a ferry between Kingston and Rhinecliff."

"No one asked me to introduce the bill," Senator Wicks said. "I did it because I am interested in the welfare of Kingston and its people."

Not Even a Penny Post Card

"While the ferry bill was pending in the Senate, I never received a telephone call, a letter, a telegram or even a penny post card from the mayor, approving the bill. If I had received any such communication from the mayor, I could have shown it to the Democratic members of the Senate and probably they would have voted for the bill. But I never heard a word from the mayor."

Senator Wicks told how he explained on the floor of the Senate how essential a ferry was for his own city of Kingston. As a result of that plea, he added, every Republican in the Senate voted for the bill. "But," he said, "every Democrat voted against it. However, with unanimous Republican support, the bill passed the Senate and was finally signed by the Governor."

First Ferry of State Agency

"After the bill was signed I called at the office of the State Bridge Authority in Poughkeepsie and found it was working out the financial, local and technical problems created by this novel legislation. You must remember that this is the first time that any state agency was authorized and directed to operate a ferry."

Senator Wicks pointed out that the unusual nature of the legislation occasioned some delay. However, he said, less than six months after the bill

Mama

San Francisco, Nov. 3 (AP)—Four-year-old Edward Ferrier, "adopted" by Donald Rittger, 10, and found by police atop a theatre, was treated for malnutrition after both boys had been missing for nine days.

The older boy was questioned by juvenile authorities. "He's been a good boy," Donald said. "I've been taking good care of him."

Flashes of Life Sketched in Brief

Big Business
Salt Lake City, Nov. 3 (AP)—Three-year-old Thomas H. Smith, Jr., walked into a restaurant, found a table at which only one customer was seated, made the long climb into the opposite chair, took one mill tax tokens from his pocket and proudly laid them on the table.

Then he ordered several dishes, topped off with ice cream. His dining companion, A. G. Mackenzie, manager of the Utah Metal Mine Operators' Association, assured the waitress he'd pay the difference between the youngster's funds and his bill.

Just as Junior was polishing off his ice cream, his father turned up with police who had been aiding in a search for the young adventurer. He said his son wandered away from him while he was shopping.

Quack Snatcher

Kansas City, Nov. 3 (AP)—Robert Reed, "sandwich man" who carries advertising on downtown streets for a burlesque theatre, has lost his best friend.

He reported to police the "kidnaping" of Dokey, his pet trained duck which has a fondness for beer. Reed told police he and Dokey stopped in a tavern for a few beers when a soldier seized his web-footed friend and made off with him in a taxicab.

So Impolite

Himeji, Japan, Nov. 3 (AP)—Some American G. I.'s of the 130th Infantry Regiment were conducting a question-and-answer session in their language class. The Yanks were trying to learn Japanese while teaching the Nipponese English.

"What's wrong with the American soldier?" was the question. Came a long silence, and then one Japanese man replied: "The American soldier beat in world."

"No, no," answered the impatient doctore. "What's wrong with him, not what's good about him?" Another lengthy silence, and then a Japanese woman spoke up—timidly: "American soldier always eating. That's impolite."

Best of Service

Norfolk, Neb., Nov. 3 (AP)—A stranger, who inquired at a Norfolk department store whether pheasant hunting in the area was good, was given prompt service. A few moments later a cock pheasant which had taken squatters rights in the evening flew in the front door. A bookkeeper had nally made the bare-handed catch and held the bird while store manager C. M. Bygel went out to search for the inquiring hunter.

EDELMUTH'S TREATMENT OF VETERANS?

HERE IS THE RECORD

IN JULY, 1944, WHEN 11 MEMBERS OF THE KINGSTON FIRE DEPARTMENT WERE ABSENT IN THE ARMED FORCES, THE DEMOCRATIC CITY ADMINISTRATION MADE A PERMANENT APPOINTMENT OF FIRE CAPTAIN.

THESE 11 FIREMEN WERE DEPRIVED OF THIS OPPORTUNITY FOR ADVANCEMENT SOLELY BECAUSE THEY WERE ABSENT IN SERVICE!

Is THIS Fair Treatment of VETERANS?

ON AUGUST 9, 1945, MAJOR CHARLES N. BEHRENS, A VETERAN OF 5 YEARS ACTIVE SERVICE IN THE ARMY, APPLIED TO THE DEMOCRATIC CONTROLLED BOARD OF PUBLIC WELFARE FOR REINSTATEMENT TO HIS FORMER POSITION. ON AUGUST 10, 1945, THE BOARD ADVISED HIM:

"The regular meeting of the Board of Commissioners will be held August 27, 1945, at which time all business of the Department, including personnel, is taken up. * * * You will be informed as soon as possible following the meeting as to the decision of the Board of Commissioners."

ON AUGUST 28, 1945, MAJOR BEHRENS WAS ADVISED:

"We wish to advise you that the Board reviewed your application thoroughly and since there are certain technicalities that they feel must be cleared, a full letter with details has been sent to Corporation Counsel Arthur B. Ewig. * * * As soon as we receive information from Mr. Ewig, I, as president of the board, shall notify you as to further procedures."

THE BOARD MET AGAIN ON SEPTEMBER 24, 1945, COMMISSIONER KUKUK OFFERED A RESOLUTION CALLING FOR THE IMMEDIATE REINSTATEMENT OF MAJOR BEHRENS. THE DEMOCRATIC MEMBERS, INCLUDING MAYOR EDELMUTH'S RUNNING MATE, ERNEST HEPPNER, VOTED TO TABLE THE RESOLUTION.

THE BOARD MET AGAIN ON OCTOBER 29, 1945. COMMISSIONER HEPPNER, DEMOCRATIC CANDIDATE FOR ALDERMAN-AT-LARGE, DID NOT ATTEND.

AGAIN, NO ACTION WAS TAKEN ON THIS VETERAN'S APPLICATION FOR HIS FORMER JOB.

**85 DAYS HAVE ELAPSED
AND
THE VETERAN IS STILL WAITING!**

Is THIS Fair Treatment of VETERANS?

WHAT IS THE REAL REASON KINGSTON STREETS ARE NEGLECTED?

THE DEMOCRATIC CANDIDATE FOR MAYOR HAS BLAMED HIS FAILURE TO PROPERLY MAINTAIN OUR STREETS ON HIS INABILITY TO GET LABOR AND MATERIALS.

WHILE HE WAS MAKING THAT EXCUSE, THIS IS WHAT OUR NEIGHBORING COMMUNITIES SPENT AND THE MATERIALS THEY ACTUALLY PURCHASED AND USED FOR STREET WORK:

—IN 1944—

POUGHKEEPSIE

Spent for LABOR and MATERIALS \$78,809.45

Purchased and used:

63,000 gallons of road oil

1,080 cubic yards of cold patch

2,720 tons of asphalt

NEWBURGH

Spent for LABOR and MATERIALS \$32,052.69

Purchased and used:

62,206 gallons of road tar

395 tons of pre-mixed paving material

ULSTER COUNTY

Quarried, purchased and used:

9,696 tons of crushed stone

301,959 gallons of asphalt

—IN 1945—

POUGHKEEPSIE

Appropriated for STREET WORK \$61,957.00

NEWBURGH

Appropriated for STREET WORK \$35,048.00

ULSTER COUNTY

Quarried, purchased and used:

9,471 tons of crushed stone

412,120 gallons of asphalt

**KINGSTON in 1944 and 1945 Appropriated Only \$9,500.00
For Street Maintenance**

IN VIEW OF THIS RECORD, IS THE DEMOCRATIC CANDIDATE FOR MAYOR GIVING YOU THE REAL REASON WHY HE FAILED PROPERLY TO MAINTAIN OUR STREETS?

Martocci Speaks
On Functions of
The City Court

Francis Martocci delivered the following address at a meeting of the Fifth Ward Democratic Club held Thursday evening at the Fifth Ward Democratic Club in St. Mary's Hall on North street.

Friends and Neighbors:—

Several nights ago, I spoke about the functions of the City Court and the duties of the City Judge.

I pointed out to you then the importance of the Court in the community and how your City Judge could make that Court more effective. I also pointed out how the effectiveness of the Court depends to a very great extent upon the person whom you select as your City Judge.

I gave two or three illustrations for the purpose of giving you some idea as to the type and kind of problems which the City Judge is frequently called upon to solve. The greater part of those problems involve human relations.

I said then, and I repeat now, that it is necessary for the City Judge, in order to properly understand these problems, to have a sympathetic understanding of the trials and tribulations of his fellowmen, he must be willing to devote the time, and exercise a great degree of patience, so frequently necessary in order to accomplish the best results, and that the best results could only be obtained when there was close cooperation between the City Judge, the police department and its personnel, and the officials of our other governmental agencies. Tonight, I wish to speak in more detail on those matters.

Unless harmonious working relations exist between the Court, the Judge and the Police Department, the prestige of the Court is diminished, its effectiveness in the community is lowered, and it becomes just another small court.

The members of the Police Department, the officials of governmental agencies, whether in the City or County, witnesses, litigants, and all other people who find it necessary to seek the advice of the City Judge, should feel free at all times to go into the City Court, see and speak with the City Judge concerning those problems about which they feel they may be able to give advice and counsel. They have a right to expect— they have a right to demand from the City Judge that they be received and treated courteously and listened to with patience and attention. They have a right to be treated as human beings. I have always tried to do this when sitting as your Special City Judge, and I shall always endeavor to do just that!

I like to think of our City Court, not as the "poor man's" Court, but as a court belonging to all of the people of Kingston, whether a laborer, carpenter, housewife, pipe fitter, clerk, business man, banker, lawyer or doctor—no matter what the calling they are entitled to have the Court and the Judge serve them because it is their Court—your court.

The housewife or mother may have a problem affecting family relations; the banker, a problem concerning the larceny of funds through the fraudulent use of checks; the business man, a problem arising from his business relations with others; the carpenter, a wage matter; all at some time or other find it necessary to go to the City Court or to the City Judge for help and assistance. It is necessary, therefore, that the City Judge make certain rules and designate the procedure to be followed by the general public for the purpose of transacting the business of the City Court. One of the most important rules, to my mind, is that which designates the opening hour of the Court. Once that hour has been set, once that time becomes known, you are entitled to reply upon it and expect that it will be followed.

The City Judge himself, should be as prompt as the witnesses, the litigants, police officers, and others who have business with the Court or Judge. The time of the laborer, carpenter, the banker, policeman, business man, or the house wife, everyone's time, is just as important and sometimes even more important than that of the City Judge. It should not be necessary for them or any person who has business with the City Judge or Court to wait beyond the time designated for the opening of the Court because of the failure of the Judge himself to be on time. Of course there are occasions when delay may be excused, but delay should be the exception and not the rule. I have made it a practice when sitting as your Special

Kingston Coal Co.
Adds New Line of
Heating Products

The Kingston Coal Company announced today its appointment as exclusive sales representatives for the well-known line of heating products manufactured by the Catskill Metal Works of Catskill.

The Catskill Metal Works for over 15 years have manufactured anthracite stokers, many of which have been installed in the Kingston area. Their line has been augmented recently by the inclusion of oil burners, burner-boiler combinations, tubular steel boilers designed for oil or stoker firing; an inexpensive, compact heating and winter air conditioning unit; and a unique domestic hot water heater which is either stoker or oil fired. Many of these newer products have been built during the war years when the Catskill plant was engaged entirely on government contracts, and are now being released for civilian use.

An official of the Kingston Coal Company stated that this newest line will round out their position so that they can now offer complete heating service to Kingston residents. The company has dealt for 50 years in anthracite and bituminous coal, and has handled fuel oil for the past seven years.

A comprehensive service department has been set up which will handle installations, repairs and service.

DOCTORS USE BOATS
Traveling doctors sponsored by the Church Missionary Society now traverse the inland waterways of Southern India aboard floating dispensaries to meet the health needs of isolated villages. Madras reports the boats are large country affairs with a rounded cover, thatched with palm leaves and two boatmen to pole and paddle the craft. Most common diseases treated are dysentery, diabetes and malnutrition, but on one recent trip a doctor gave hundreds of injections against cholera.

The Roman Catholic College of Cardinals, when completed, is made up of 70 members of whom six are cardinal-bishops, 50 cardinals and 14 cardinal-deacons.

George Clinton Weds Miss Marie Evans At Norfolk, Mass.

In a double ring ceremony Sunday, Miss Marie Evans, daughter of Mr. and Mrs. Clarence Evans of Norfolk, Mass., became the bride of George S. Clinton, musician second class, U. S. Navy, son of Mr. and Mrs. Charles D. Clinton of 216 Down street. The wedding took place in the Federated Church of Norfolk, Mass., at 4 p. m. with the Rev. Mr. Jostrom, pastor of the church officiating.

Given in marriage by her father, the bride wore a white satin gown made with fitted bodice, sweetheart neckline and net skirt over satin caught with tiny white satin bows. Her shoulder length veil was fastened to a Juliet cap and she carried white roses. Mrs. Daniel J. Wright, sister of the bridegroom, was matron of honor. She wore an aqua chiffon gown made with sweetheart neckline and three-quarter length sleeves. She carried a bouquet of rose colored carnations. Bridesmaids were Miss Rachel DeMerritt, Miss Raymond Dost, Miss Shirley Evans and Mrs. Francis Collier, the latter two being sisters of the bride. They wore gowns designed with rose silk jersey bodices and aqua chiffon skirts, hats of aqua and carried arm bouquets of rose and white mottled carnations.

Technical Sgt. Francis Collier, brother-in-law of the bride, acted as best man. Ushers were Cpl. Raymond Dost, Lt. Ralph Pearson, Alvin James Freeman and Lawrence Sany, Jr. of Canada.

James Sweeney of this city played the wedding music at the organ. The church was decorated with autumn leaves, yellow and white chrysanthemums.

Following the ceremony a reception was held at the home of the bride's parents for 100 guests. Guests were present from Kingston and Monticello.

After a wedding trip Mr. and Mrs. Clinton will make their home in Minneapolis, Minn., where the bridegroom is stationed.

Joy-Flanigan

Mr. and Mrs. William Flanigan of 232 Foxhall avenue announce the marriage of their daughter, Miss Colleen Flanigan to Cpl. Wilford Joy, son of Mr. and Mrs. William Joy of 63 Stephan street. The ceremony was performed Sunday at 2 p. m. in the rectory of St. Mary's Church by the Rev. John Drew.

Legion Band Leader, Singer

JERRY WALD

Here are two of the stars on the program for the 27th Annual Victory Ball of Kingston Post, American Legion. Jerry Wald, an accomplished clarinetist since he was 7, will lead his 22-piece band, furnishing music for dancing. Lovely Kay Allen is one of his vocalists. In addition to these two, Chairman William T. Roedel of the entertainment committee will present a galaxy of celebrated radio, stage and screen performers. Legionnaire Roedel has contracted with WOR Entertainment Bureau to arrange a "program supreme" for the Monday, November 12, date in the municipal auditorium. He is spending approximately \$3,000 to present a program that will surpass any ever held in Kingston.

Good Taste Today

By Emily Post
(Author of "Etiquette," "Children Are People," etc.)

MEN MOTORISTS HATE TO ASK THEIR WAY

A letter obviously from a woman says: "In your column the other day in which you wrote about people who hate to show their ignorance, I wish you had included the unwillingness of men motorists to ask their way in a strange town. Women don't seem to mind asking, but men really hate to."

I sympathize with you as I myself always ask when I want to know my way, but maybe the men are right. At least, I have to admit the amazing fact of how many times we get the answer, "I don't know, I'm a stranger." In other words, I almost wonder whether people who don't like giving directions, find that phrase, "I am a stranger," the simplest way out. Even so, I'm sure, my own impulse will be to continue to ask!

Should Agent Receive Gift?

Dear Mrs. Post: When a real estate agent—who happens in our case to be a young woman—has left no stone unturned to find us the right house to buy and to take care of all the arrangements for financing it, etc., would it be proper to give her a present? We have given her nothing except our thanks.

Answer: If she is the agent who receives the fee, this is quite sufficient. But if she is a woman working for the agent and will herself receive nothing, then I think a gift would be a thoughtful act on your part.

Enter Cousin John

Dear Mrs. Post: I have a cousin my age who is married to a man twice her age. My teenage children call my cousin by her first name, but I am at a loss to know what they should call her husband. This has been no problem up to now, but we expect soon to see them. "Mister" sounds so formal for relatives and yet I'm not too easy about having the children call him "John."

Bride in Day Clothes

Dear Mrs. Post: (1) Is it suitable for a bride who is wearing traveling clothes to walk up the aisle in church with her father? (2) May she be preceded by one attendant? If this would be out of place, how could it be arranged? Answer: (1) Certainly. (2) Yes, but be sure the attendant is not wearing more bride-like clothes than you are.

Who should be introduced to whom? Send for Mrs. Post's leaflet, "Introductions," in care of Kingston Daily Freeman, P. O. Box 92, Station C, New York 19, N. Y., and enclose a 3-cent stamped, self-addressed envelope. (Released by The Bell Syndicate, Inc.)

310 arrests in Cairo, including 150 for looting. Several responsible Arab sources publicly deplored yesterday's outbreaks today. Abul Eyoum, grand ulema of Alexandria (a religious teacher), said the rioting hurt the Arab cause because it was directed against "our Jewish and European friends."

Salem Arif Pasha, leader of the young Moslem organization, occurred in that opinion. However, the influential weekly newspaper Akhbar El Youm claimed it had learned that Cairo Zionist leaders had hired "mobsters" to stone Jewish shops in order to discredit the strike which had been called in protest against the Balfour note promising establishment of a Jewish homeland in Palestine.

"You ought to be hanged and cut into little pieces," screamed Julieta Milanes, pointing to Yamashita, her cries throwing the hearing into momentary disorder. The Japanese general sat unmoved, as usual.

After her outburst the commission requested an attendant to escort Miss Milanes outside for a moment while she regained her composure.

During her testimony she clutched a frayed notebook which contained the names of many of her neighbors and friends who, she said, were killed by the Japanese.

C. H. Buddenhagen Joins Pardee's Insurance Agency

Clarence H. Buddenhagen will become associated with the Pardee Insurance Agency as production manager, according to an announcement made by Addison D. Pardee. This appointment will become effective November 5, 1945.

Mr. Buddenhagen completed with high honors, the home study course of the Aetna Casualty & Surety Company and the National Underwriter Company, and successfully passed the New York State Insurance Department examinations for both fire and casualty agents.

Recently, Mr. Buddenhagen has been associated with the Electro, Inc., as office assistant in the east department; previously, he was employed as bookkeeper and assistant manager for L. S. Winne & Company, this city.

Mr. Pardee also announces that Miss Mathilda E. Bruck, who has been associated with his agency for the past 15 years, and who, during this time, has been handling both his agency and personal business transactions, will continue as office manager, a position held by her for several years. A well known organization, the Pardee Agency was established in 1906 and since that time has furnished insurance protection for many of the leading business firms in this community, as well as private individuals. The offices of the Pardee Agency were completely modernized several years ago and now are considered one of the best equipped insurance offices in New York state.

Since organization, Mr. Pardee has continuously represented outstanding insurance organizations, such as the Aetna Casualty & Surety Company, the Hartford Steam Boiler & Inspection Company, the Hartford Fire Insurance Company, all of Hartford, Connecticut; the Home Insurance Company and the American Surety Company of New York, and the Liverpool & London & Globe Insurance Company, Ltd., of London, England.

Lieut. Martin and Family Express No Political Views

Kingston, N. Y., November 2, 1945.
To the Editor of the Kingston Freeman,
Dear Sir:

I noticed a political ad in your issue of this date which stated that one Myron Hopper, A.U.S., 247 West Chestnut street was going to speak at 10 p. m. over Station WKNY on the present city administration. The fact is that he did speak at a round table discussion. The views and sentiments expressed at that time were his own views and sentiments and not those of myself and family but were expressly his own. My address is 247 West Chestnut street, Kingston, N. Y.

Thanking you, I remain,
Yours truly,
ACT. LT. JAS. P. MARTIN,
247 West Chestnut street,
Kingston, N. Y.

Office Moved

Kingston's war finance committee office that has been located in the city hall has been moved to the county building, which houses the motor vehicle bureau, at 32 Main street. The office is in charge of Mrs. Eugene MacConnell, and the telephone call is 1423.

Honor Paid to Port Ewen Veterans

On October 10 and 24, the Village Rest in Port Ewen was the scene of two fine banquets which were tendered to the boys and girls of the village who served with the armed forces during the war. The banquets were arranged and given by the members of the Port Ewen Social Club. Both events proved highly successful.

A few were hospitalized immediately and fed intravenously. The rest, after a light meal, filled out a questionnaire on their treatment by the French. Then they were deloused, given blankets and assigned to winterized tents to await medical screening.

At the screening it was hard to believe that some of them could be alive. One grey-haired 47-year-old man weighed only 92 pounds and his sun-blotched and scaly skin hung in thin folds. This group followed two earlier batches totaling 1,323, bringing to 2,474 the number of Germans returned here for general rehabilitation so they can be sent home. Screening of the previous arrivals confirmed that all were unfit to work—three-quarters of them because of malnutrition. Medical officers said 19 per cent were severe cases requiring infirmary treatment and 31 per cent were "more or less severe."

FOR SUPERVISOR OF 2nd WARD

POLITICAL ADVERTISEMENT / POLITICAL ADVERTISEMENT / POLITICAL ADVERTISEMENT

TO THE VOTERS OF THE 10th WARD

MY DEAR FRIENDS:

I want to thank you for the friendly manner in which you greeted me during my recent canvass for re-election.

Two years ago you honored me by choosing me to represent you in the Common Council. I now ask you to endorse my record of the past two years. At all times during my present term as Alderman I have endeavored to care for your interests and the interests of all the people of Kingston.

You voters of my ward will recall that last January my efforts prevented a shifting of bus transportation lines that would have deprived residents of Cedar and adjacent streets of the bus facilities they require. With the assistance of representatives of adjoining wards, this attempt, as you know, was blocked.

Again in June, an effort was made to change bus service on Cedar Street and on Henry Street. This attempt was defeated before it reached the floor of the Common Council.

I ask your support on November 6th. I believe I have merited the confidence of my fellow-residents of the 10th Ward. If elected, I pledge you that I will continue to give you conscientious service.

Democratic Candidate for Alderman of the Tenth Ward.

OPEN LETTER

TO THE VOTERS

OF THE

Second Ward

Edwin Gregory, candidate for Supervisor on the Democratic ticket in the Second Ward, has been a resident in this ward for more than fifty years.

He enjoys a fine reputation as both citizen and business man—operating a furniture business which his father established more than sixty years ago.

Both he and his father have been taxpayers in the City of Kingston for their entire lives, and since his father's death, he has made his home with his eighty-year-old mother at 81 Elmendorf street.

If Mr. Gregory is elected to the Board of Supervisors, he promises that he will work consistently for the benefit of his constituents in the Second Ward and the City of Kingston and that he will not oppose legislation of a beneficial nature just because it is not introduced by one political party, for he has always believed in the old saying—"Darned be he who blocks the wheels of progress."

Vote for Edwin Gregory for Supervisor on Election Day, November 6th, on ROW B on the Voting Machine.

The following is part of a letter written by a G. I.:

"The folks back home said they knew he was fighting for them.

To keep them comfortable at home, the way Americans have to live.

They swore they were grateful.

Do they really mean it?

Do they understand his job is done, that now it's their turn?"

Do the voters of the Town of Esopus really feel as every G. I. has been told his people back home feel?

Do the voters of the Town of Esopus know that in the locality the eyes of every man and woman in or recently discharged from the service, are watching our election?

VICTORY GARDEN-GRAPH

GERANIUMS SHOULD BE CUT BACK SEVERELY AFTER LIFTING AND POTTING

Wintering Summer Bedding Geraniums

By DEAN HALLIDAY

Released by Central Press Association

GERANIUMS which have bloomed all summer outdoors deserve and need a vacation now. This means they should be taken up and placed in the cellar for the winter.

This "rest cure" for geraniums is essential for after blooming all summer geraniums cannot be expected to bloom during the winter, even if given every care in the house.

Geraniums should be lifted with a ball of earth and potted. Then cut the plant back severely, as illustrated in the accompanying Garden-Graph.

For the first month after bringing indoors, let the cut-back plants stand in a cool, light room. Water them once a week.

In November place the geraniums in a dark place in the cellar. Water just enough to keep them from drying out. Keep the plants in the cellar until May, when they can be planted outdoors again.

If you have a vine of Heavenly Blue Morning Glories you will find them covered with buds at this time of the year. Instead of letting these buds be killed off by frosts, cut the bud stems, as illustrated, bring indoors, and place in a container of water.

The buds will blossom indoors just as beautifully as they would have in an outdoor weather. Keep the opened flowers picked off as they wilt.

New Paltz Student Publication Wins

New York, Nov. 2 (Special)—"Paltzonian," the yearbook published by students of State Teachers' College, New Paltz, was awarded second place today in the eleventh annual yearbook contest conducted by the Columbia Scholastic Press Association. The association's annual conference is

now in progress at Columbia University. "Paltzonian" was entered in the competition among schools of education.

Yearbooks from public and private schools in 35 states were entered in the competition. They were rated by the judges on theme, layout, editorials, photography, engraving, printing, typography and binding.

Student delegates at today's session exchanged ideas and experiences in the production of their yearbooks. Directing the meetings are professional publishers, school advisers and contest judges.

The Dutch by the Treaty of Breda (1667) gave New Netherlands (New York) to England in exchange for Surinam, also called Netherlands Guiana.

Giants in Hopes
Paschal Will Be
Help Against Rams

Look to Backfield Star to Keep Club Headed Toward Pro Grid Championship

By JOE REICHLER

New York, Nov. 3 (AP)—Bill Paschal, the National Football League's leading ground-gainer for the New York Giants in 1943 and '44, returns to professional competition tomorrow.

The backfield star will participate in his first league tilt since the championship game last December as the Giants tangle with the Cleveland Rams in one of the top games of the day.

The Giants hope the presence of the hard-charging Paschal will keep them in the running for the eastern divisional championship. To date, the manhandled Maroons have won but one game and tied one out of four.

Paschal, an Army private currently starting for the First Army football team, has been granted permission to play with the Giants on his off days. Whether he can appear in any more play-for-pay tilts is problematical as the soldier eleven is scheduled for tilts the following three Sundays.

Grate Jobs Giants

Another addition to the injury-riddled Giants is Carl Grate, 215-pound guard from Georgia, who is slated to replace the hospitalized Vic Carroll in the starting lineup.

Leading the rampant Rams will be ex-U.C.L.A. star Bob Waterfield, whose unerring arm and accurate toe has been instrumental in keeping Cleveland at the top of the Western Division since the start of the season.

The Rams, boasting a record of four wins and one loss, have an opportunity to break their three-way tie with Green Bay and Detroit for the western lead.

Boston also will be the site of a tangle with the Detroit Lions, looking for the local tanks. Both teams have been downed once and curiously enough it was the Packers who did the trick on each occasion.

The Team to Beat

The Washington Redskins, host to the Chicago Cardinals, give promise of being the team to beat this year. Already winners of three of their first four games, the Redskins were strong Thursday by the return of veteran center Ky Adair to plug the team's weakest gap. Adair, released from the Navy a few days ago, is the sixth seasoned player to come out of the armed forces to the Redskins since the start of the season. The others are backs Dick Todd, Cecil Hare, Medlyn Condit, Steve Bagdasarian and Bill De Correvant.

The Philadelphia Eagles, who came to life last Sunday after a disappointing start, traveled to Pittsburgh to take on the last place Steelers, winners of only one of five games.

Green Bay, led by the league's leading scorer Don Hutson, will play the Chicago Bears for the second time. The Packers won the first game, 31-21.

SCOTS TRY TECHNICOLOR

Beauty spots and historical places in Scotland will be recorded in technicolor on two films developed by the government to attract tourists. One film will show such cities as Glasgow, Edinburgh, Perth, Inverness and Aberdeen. The other will show glimpses of corners associated with such famous Scots as Robert Burns, Graham Bell, J. M. Barrie, Andrew Carnegie and Robert Louis Stevenson. They will be shown the world over after the dialogue has been appropriately translated.

Jewels Are Hot on Trail
Of Reds for Nov. 14th

2 American League Clubs Will Play Game Here for V.F.W. Post Home Fund

Eddie Wilde's New York Jewels, who lost by three points to the SPHIA in Philadelphia last week, hope to come out with a victory when his American League club tackles the Jersey Reds in the Veterans of Foreign Wars exhibition game at the municipal auditorium here on Wednesday night, November 14.

"That game we dropped to the 1944-45 American League champions was a tough one to lose," Wilde said, "but the way my cagers played proved to me that we are on the road to upsetting Eddie Gottlieb's quintet for the title this season."

John D. "Honey" Russell agreed with Wilde that his possibilities for a pennant look good, but put his own card in for the Jersey Reds. "The Trenton boys look good to me, and I think Kingston fans will agree that they give any club a fight for first place in John J. O'Brien's loop."

Russell, who is collaborating with Joyce Schirrick Post, 1336 V.F.W., in its plan to raise funds for an ex-servicemen's home in Kingston, boasted of this last line-up for the November 14 game: Kevin Connors (Seton Hall); Bobby Tough, (St. John's); Mike Bloom, (St. John's); center from Temple and formerly with the Philly Hebrews; Herb Gershon, (Long Island University); Ace Abbott, (City College).

Since their college days, Russell's Trenton boys have established themselves as top-flight professionals in the American League.

Benson As Captain

Pete Benson, formerly of Kate Smith's Celts, back from soldiering as a captain in the Chemical Warfare branch of the army in Germany, will captain the Jewels in their bid for the decision against the Reds in the exhibition game.

Benson played eight years in the American League after finishing his activities for City College of New York. He knows the Kingston court, having been a favorite here in the days when Frank Morgenweck promoted the pro game here.

Leo Gottlieb, a 5-footer who learned his basketball at L.I.U., is another soldier on Eddie Wilde's team. Just back from France and Germany, he's anxious to get going again and hopes to hit the stride he did while playing with the SPHAs before the war.

Player to Watch

Tony Bodego, who tips the scales at 215 and is 6 foot 3 inches, is included in the Jewels lineup. He ripped the cords for a sizeable individual tally in the recent game at Saugerties to finish as a leading scorer. Wilde grabbed him for the New York lineup in the American League.

"I'm not mentioning the rest of my players because I have a list of new ones to show in Kingston," the Jewels' boss said. "I want a good club in the late Frank Morgenweck's old ballcock to help trench the pro cage sport here."

Kingston Harriers Lose

By 1/2 Point in Monticello

The judges' decision spelled defeat for Kingston High School cross country squad at Monticello Friday afternoon when they were edged out by Newburgh by the slim margin of 1/2 a point.

First place position in the race was declared a tie between Dick King of Monticello and Bill Kavanagh of Newburgh. This award gave the Goldbacks the slim margin they needed for victory. Had King been declared the winner, the Maroon would have tied Newburgh.

Following the Kingston Harriers second place were Monticello with 68 1/2 points and Middletown with 82 points. Newburgh had 34 1/2 to Kingston's 35.

The Kingston pace-maker, Eddie Wilde, finished fourth in 12:02. King and Kavanagh were clocked at 11:33. The third man in the race was Bertron of N.E.A.

After losing 19-36 in Newburgh two weeks ago, the Maroon and White showed that it had profited by its mistakes. "The boys ran a fast race," Coach Lorenz Connick told the press, "and although they lost out, they really gave me a good run. They've come a long way in the last two weeks since the last time they met Newburgh. They really gave the Goldbacks a good fight, and I hope they give even a better one when they meet them in the sectionals at Suffern next week."

The way the boys finished: 1. King (M); 2. Kavanagh (N); 3. Bertron (N); 4. Wilde (K); 5. Nollack (N); 6. Dolan (K); 7. Lodge (K); 8. M. Thorpe (K); 9. Edall (M); 10. Van Brimmer (K); 11. 136 Games on Slate

In National Cage Loop

Chicago, Nov. 3 (AP)—The National Basketball League with three new members in its lineup will play a 136-game schedule during the 1945-46 season which opens November 22.

Indianapolis, Youngstown, O., and Rochester, N. Y., are the newcomers in the eight-club circuit. Indianapolis will compete in the Western Division with Chicago and St. Louis and Oshkosh, Wis., while Erie, Pa., and Cleveland, Youngstown and Rochester will comprise the Eastern section.

Each team will play a 34-game league schedule.

Bartolo-Leslie

10-Rounder Nov. 19

New Orleans, Nov. 4 (AP)—Sal Bartolo of Boston, recognized by the National Boxing Association as featherweight champion, and Jack Leslie, hard-punching youngster from Flint, Mich., meet here November 19 in a 10-round non-title bout.

Bartolo won the N.B.A. title from Phil Terranova of New York in a 15-round fight in Boston May 5, 1944. Leslie has piled up six consecutive knockouts in New Orleans rings and has a large local following.

West Point, N. Y., Nov. 3 (AP)—Army's amateur Cadets got their last "breather" before the Notre Dame game as they clashed with the three-time Eastern Villanova Wildcats in the Western home finale at Michie Stadium today.

Murray Intercepts Pass to Gallop for Score in Last Quarter; Port Jervis Next

Kingston High School football varsity went down to another heart-breaking defeat Friday night at the municipal stadium losing to Middletown 6-0. Approximately 1,600 fans witnessed the contest.

Once more it was Charlie Murray who provided the winning margin for the Middies as he intercepted a Kingston pass on the Maroon 45 and rumbled all the way untouched for the only score of the game in the final period. It was Murray's heaves that sent the Maroon down to a 21-19 defeat in the previous meeting of the two clubs.

Holding the advantage in the first half, the forces of Coach Pete Hahn proved to be the superior team until the fourth quarter when one play decided the game. The Maroon outplayed the Blue and White in the statistical column gaining 7 first downs against 5 for the Middies, and gaining 102 yards rushing to 66 for the Orange county squad.

Although Friday's defeat eliminated them from any possible chance of winning the 1945 DUSO championship, the Maroon and White will try to elevate themselves from the

Senator Wicks Answers Edelmuth

Continued from Page One

was approved, all details had been worked out, satisfactorily completed and Kingston is now assured of a ferry to be operated by the State Bridge Authority.

Whose Little Trick Is It?
Senator Wicks then summed up his ferry service efforts by saying, "In view of the facts I have given you, do you think that I tricked the people of Kingston by introducing the ferry bill? Or do you think the mayor is trying to trick you into believing I did?"

Edelmuth Lax on Assessments
Senator Wicks next took up the matter of taxation of telephone company equipment. Prior to a Court of Appeals ruling June 18, 1943, a year and a half after the Republican administration went out of office, there was no right of any city to impose this tax. The test case was brought by Syracuse on the grounds the property was real and not personal. The Court of Appeals confirmed the stand and in the summer of 1943 the State Mayor's Conference and the State Tax Commission notified the Democratic city officials of the court's decision upholding the right to assess the property of the telephone company.

"But," Senator Wicks said, "the Democratic administration in this city let 1943 pass without making such assessment. It was not until 1944 that the city assessor placed the telephone company's equipment on the assessment roll."

Edelmuth's Reckless Disregard
Senator Wicks invited voters and taxpayers to go to the city hall to see the 1943 and 1944 assessment rolls and added sternly, "This is just another example of the Democratic candidate's attempt to mislead the voters; and it is typical of his reckless disregard of the truth, and the facts, in this campaign."

Senator Wicks also deflated the election billion Mayor Edelmuth has sent up concerning postwar projects. Senator Wicks is a member of the State Postwar Planning Commission. There is no intention on the part of the legislature or the planning commission to pay any of the cost of constructing postwar projects of municipalities of this state. State money, aside from some planning help, will be used for state projects.

Upholds Schwenk
The senator took particular exception to the attack made upon Alderman-at-large John Schwenk by Mayor Edelmuth October 30. Mayor Schwenk was called an obstructionist.

The senator called the attack ill-advised, spoke of the high regard in which Schwenk is held for his integrity, modesty, honesty and his conscientious attitude toward his duties.

Senator Wicks spoke of the apprehension of an error by Schwenk in Edelmuth's 1945 budget, by which tax payers were saved \$1,080 per thousand on their tax bills. Schwenk insisted underpaid city employees get a fair wage; and he protected the rights of city employees while they were absent in the armed forces.

Were these acts, Senator Wicks asked, those of an obstructionist? The public knows the answer, Senator Wicks said.

Text of Speech
Text of Senator Wicks' speech follows:

Good Evening:
The political campaign in this city is now drawing to a close. Tonight, I should like to discuss certain issues raised in this campaign.

I was amazed when I listened last night to Mayor Edelmuth's personal attack on me in which he characterized the ferry bill which I introduced in the Legislature as "tricky" although in the same speech, he claimed to have supported that very bill. To me such a position as the mayor takes just doesn't make sense.

The Whole Ferry Story
Now, let tell you about the ferry. As you know, the ferry stopped running on December 17, 1942. Mr. Edelmuth was mayor at that time. In the spring of 1943, the ferry company announced that it would no longer operate the ferry. This was a hard blow to Kingston. Many people wondered what Kingston would do without transportation facilities across the river. Kingston lost access to the train service on the New York Central railroad at Rhinecliff. Many people complained that, with no ferry service, Kingston would be practically isolated. Our whole-

salers, our retailers, our cattle dealers and other business men had to send their trucks down to Rhinecliff, thence across the bridge and back up the river to Rhinecliff. In other words, when gasoline and tires were scarce during the war, they had to travel about 35 miles to cross one mile of river. And they still have to.

During 1943 the ferry boat lay idle at its dock. Finally, it was sold.

Waited for Action, None Came
I waited for the present mayor to make some move during the years of 1943 and 1944 to restore ferry service to Kingston. But the mayor never said anything, or did anything, about the ferry.

As you know, I live in Kingston and I have a business in Kingston. I am, and always have been, interested in the welfare and progress of Kingston. So, when, for two years, the mayor failed to act, I decided that if he would not act, I would. In 1945 I introduced the ferry bill in the Senate. This bill authorized and directed the State Bridge Authority to install and operate a ferry between Kingston and Rhinecliff.

No one asked me to introduce the bill. I did it because I am interested in the welfare of Kingston and its people.

Not Even a Post Card
While the ferry bill was pending in the Senate, I never received a telephone call, a letter, a telegram or even a penny post card from the mayor, approving the bill. If I had received any such communication from the mayor, I could have shown it to the Democratic members of the Senate and probably they would have voted for the bill. But I never heard a word from the mayor.

On the floor of the Senate, I explained my plan, every Republican in the Senate voted for the bill. But every Democrat voted against it. However, with unanimous Republican support, the bill passed the Senate and was finally signed by the governor.

First State Authorization
After the bill was signed, I called at the office of the State Bridge Authority in Poughkeepsie not once, but many times, to aid them in working out the financial, legal and technical problems created by this novel legislation. You must remember that this is the first time that any state agency was authorized and directed to operate a ferry!

Because of the unusual nature of this legislation, there necessarily was some delay. However, in less than six months after the bill was approved by the governor, all details had been worked out and satisfactorily completed and Kingston is now assured of a ferry to be operated by the State Bridge Authority.

Who's Trick It Is?
In view of the facts I have given you, do you think that I tricked the people of Kingston by introducing the ferry bill? Or, do you think the mayor is trying to trick you into believing I did?

Laxity Is Revealed
Mayor Edelmuth again disregarded the truth and facts last night when he criticized previous Republican administrations for not having taxed Telephone Company equipment. Here are the facts: The city of Syracuse in 1941 decided to assess the equipment of the New York Telephone Company as real property. The Telephone Company took the case to the courts and fought the assess-

ment, claiming that the equipment assessed was personal property, and therefore, not taxable as real estate. This case finally was decided by the Court of Appeals on June 18, 1943, when that court, the highest in the state, upheld the city of Syracuse. Until that decision, the right of any city to impose this tax was not established. Remember, this decision was made in June, 1943—a year and a half after the Republican administration went out of office.

The present Democratic city administration, empowered by this court decision, should have assessed this equipment on the 1943 assessment roll.

In the summer of 1943, the State Mayor's Conference, and the State Tax Commission, both notified the Democratic city officials of the court's decision upholding the right to assess the equipment of the Telephone Company. But—this city let 1943 pass without making such assessment. It was not until 1944 that the city assessor placed the Telephone Company's equipment on the assessment roll.

Go to the city hall and ask to see the 1943 and 1944 assessment rolls!

This is just another example of the Democratic candidate's attempt to mislead the voters; and it is typical of his reckless disregard of the truth and the facts, in this campaign.

Stunk of Mayor's Projects
I have listened to both sides in this campaign discussing post war projects. I am a member of the State Post War Planning Commission and am familiar with the policies of that commission. That commission has agreed to pay one half of the cost of making up the plans and specifications covering some of the projects contained on a list submitted by the city of Kingston. The state pays one half the cost of making the blueprints but does not pay any of the cost of constructing those projects. At this time, there is no intention on the part of the legislature or the State Post War Planning Commission to pay any of the cost of constructing post war projects of municipalities of this state!

While it is true that the state has a large cash postwar construction fund of its own, this fund will be used to build and enlarge state hospitals, state vocational and technical schools, state highways and bridges, and other state improvements for which plans now are completed.

Other Cities Planned
Many other cities of the state have built large cash reserve funds during the war days when they received increased amounts of state aid in the form of shared state taxes. The other cities looked ahead and planned for the postwar days. They have the cash on hand to build the things they need and want. However, Kingston is not so fortunate because it has no such cash reserve funds.

Now, a word about housing: We have a housing shortage in Kingston and some of our dwellings are sub-standard. Kingston needs more jobs and more houses. I am heartily in accord with the housing program advocated by Abe Molyneux.

Speaks of Schwenk's Record
Last Tuesday night, the Democratic candidate for mayor made a vicious attack on John Schwenk, the Republican candidate for alderman-at-large, and called him an obstructionist. I think that attack was very ill advised. Everyone likes and admires John Schwenk.

for his honesty, modesty and integrity. I know of no one in public life who is more conscientious in the discharge of his official duties.

When John Schwenk and the Republican members of the Council discovered that the mayor's 1945 budget contained an error and had it returned to the mayor for correction, thereby reducing your tax rate by \$1.08 per \$1,000, was THAT the act of an obstructionist?

When John Schwenk insisted that underpaid city employees receive a fair and decent wage, was THAT the act of an obstructionist?

No, John Schwenk is not an obstructionist. He earnestly and sincerely tries to protect the interests of the people. Anyone who knows John Schwenk knows this.

Cahill Has Good Record
Now let me say a word about Matthew Cahill, our candidate for city judge. Matt has made a

good city judge. He has discharged his duties with fairness and impartiality. Many cases which come before the city court involve family relationships and problems affecting minors. Judge Cahill is a family man himself, with four growing boys. He thoroughly understands and sympathetically handles and disposes of these delicate problems that come before him.

In conclusion, let me say: You are all familiar with the record of the Republican Party in Ulster County. The county is known for its good government.

The same Republican Party which furnishes such good government for the county is the same party which is behind the Republican city candidates.

We Republicans stand behind the candidates we nominate. Their programs and their pledges are the party's programs and the party's pledges.

I think Abe Molyneux' program is sound, constructive and just what Kingston needs. Let me say also that I am more than gratified by the assurances of support we have been given by the voters of Kingston. The Republi-

can candidates have the whole hearty support of a united Republican Party. For this support, I want to express my sincere appreciation. It justifies my firm conviction that the voters of Kingston will elect Abe Molyneux as their next mayor and the entire Republican ticket.
